1. Records indicate that you do not have a
(~~Class N - National Service Life Insurance~~)
(~~Class E - Allotment for support of dependents~~)
(Class B - War Savings Bonds
allotment.
2. The provisions of National Service Life Insurance are explained in W.D. Cir. 7, 1942, as amended. Your unit insurance officer will be able to give you any further information you may require.
3. Class "E" allotments are made available for the support of families or dependent relatives of military personnel, for checking or savings accounts to banks, and for the payment of commercial life insurance. You are urged to take timely advantage of this type of allotment in order that you may be assured of adequate provisions for the support of your dependents if you are sent to an overseas station. There are cases on record of extreme embarrassment to dependents of commissioned officers sent overseas who failed to make timely provisions for their dependents' support. You are strongly advised not to wait until you are ordered overseas before making an allotment for the support of your dependents. Your personnel officer will help you in making out such an allotment.
4. Class "B" allotments provide you with a convenient savings plan. War Savings Bonds may be purchased each month by pay voucher deduction. Bonds so purchased will be delivered to any point within the United States that you designate, or they will be held for safe-keeping in the Treasury of the United States at no expense to you. Those bonds held in safe-keeping in the Treasury will be delivered to you upon written request. Your personnel officer will help you in making such an allotment.
5. In accordance with par 34 b, POM, 1 August 1943, you will complete the 1st Ind hereon, and return to the 97th Inf Div Finance Officer at your earliest convenience.
